Committee 18 Admissions Approved Recommendations

1. Recommends revising the existing GSU MOU’s to include admission to Perimeter College as another option for students that do not meet the admission standard for the Atlanta campus.

2. Recommends that the two year TAG (Transfer Admission Guarantee) and articulation agreements be reviewed for continuation under the new Georgia State University.

3. Recommends that at this time not to sever TAG and articulation agreements with other USG and non-USG four-year institutions.

4. Recommends that an integrated marketing and recruitment approach, positioning Georgia State University holistically, with distinct pieces when appropriate for Perimeter College, (in a similar manner to Emory University and Oxford at Emory).

5. Recommends that the SAT, ACT, TOEFL and FI test score requirements and policies for PC and GSU remain separate and distinct.

6. Recommends combining the cut scores and courses/credits hours awarded for AP, IB and CLEP for the subject areas where there is alignment between GSU and GPC. The subject areas where there is not alignment, we recommend consulting with the academic departments from GSU and GPC to set a common standard.

7. Recommends developing a common LSP, testing and placement policy and practice using EPI (English Placement Index) and MPI (Math Placement Index) beginning fall 2016.

8. Recommends that at the new university we centralize the processing, tracking and auditing to the Office of Undergraduate Admission of Lawful Presence and initial coding of the Tuition Classification decision (residency determination for tuition payment purposes).

9. Recommends that under the new university that a new Required High School Curriculum Deficiency policy and transfer credit policy be developed.

10. Recommends maintaining separate associate’s degree and bachelor’s degree admission standards and policies.

11. Recommends that GPC and GSU maintain separate undergraduate GA College 411 applications for fall 2016 admission. After the migration of data into a consolidated Banner production database in 2016, a single application will be implemented.
